Supplemental Type Certificate

Number SA2617NM

This certificate, issued to: **AIM Aerospace, Inc**
705 SW 7th St
Renton, WA 98057

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part **25** *of the* **Federal Aviation Regulations.** (See Type Certificate Data Sheet A6WE for complete certification basis.)

Original Product—Type Certificate Number: A6WE
Make: McDonnell Douglas
Model: DC-9-82

Description of the Type Design Change: Installation of Galleys #1, #2, #3, and #4 in accordance with KME Drawing List Numbers 2091, Revision G, dated May 30, 1986; 2092, Revision G, dated June 4, 1986; 2093, Revision G, dated June 4, 1986; and 2094, Revision H, dated June 4, 1986, or later FAA-approved revisions.

Limitations and Conditions: The approval of this change in type design applies basically to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. The resulting interior arrangement, along with the required placarding, have not been evaluated and are not part of this supplemental type certificate.

(See Continuation Sheet Page 3 of 3 Pages)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: December 6, 1983
Date of issuance: July 3, 1984
Date reissued: October 25, 1988; July 5, 2011
Date amended: July 3, 1986

By direction of the Administrator
