Supplemental Type Certificate

Number SR01865SE

This certificate, issued to: **BLR Aerospace, LLC**
3102 100th Street SW
Everett, WA 98204

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part * *of the* * *Regulations.*

Original Product—Type Certificate Number: * See Attached FAA-Approved Model List SR01865SE
Make: for a List of Approved Rotorcraft Models and
Model: Applicable Airworthiness Regulations

Description of the Type Design Change: Fabrication and installation of FastFin System in accordance with Master Drawing List and installation instructions specified in Approved Model List (AML) Number SR01865SE, Revision IR, dated July 28, 2009, or later FAA-approved revisions. Maintained in accordance with Instructions for Continued Airworthiness (ICA) Document Number BLR-212FF-950, Revision A, dated June 30, 2009.

Limitations and Conditions: Approval of this change in type design applies to the rotorcraft models specified on AML Number SR01865SE only. This approval should not be extended to other rotorcraft of these models on which other previously approved modifications are incorporated, unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. Rotorcraft modified by this STC must be operated in accordance with a copy of one of the FAA-approved Rotorcraft Flight Manual Supplements (RFMS) listed on the AML, or later FAA-approved revisions, and maintained per ICA Document Number BLR-212FF-950, Revision A, dated June 30, 2009, or later FAA-approved revisions. A copy of this Certificate, AML, Installation Instructions and Instructions for Continued Airworthiness Manual, and FAA-approved RFMS must be maintained as part of the permanent records of the modified rotorcraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: March 30, 2007
Date of issuance: August 07, 2008
Date reissued: July 31, 2009
Date amended: December 14, 2009

By direction of the Administrator
