Supplemental Type Certificate

Number: SA1768CE

This certificate issued to: Sabreliner Aviation, LLC
1390 Highway H
Perryville, MO 63775

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 4b *of the* Civil Air Regulations dated December 31, 1953, plus Amendments and Special Conditions listed on the Type Certificate Data Sheet No. A2WE.

Original Product – Type Certificate Number: A2WE

Make: Rockwell International

Model: NA-265-60

Description of Type Design Change:

Installation of Wing Rib Fuel Baffles and Clips. Data required: Rockwell International, Sabreliner Division, Drawing List SK 14416, Rev. A, dated September 15, 1982, or later FAA approved revision.

Limitations and Conditions:

Airplane Flight Manual Supplement No. 60-79 is required equipment when this modification is installed. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: July 8, 1982

Date Reissued: June 30, 1983; March 7, 2014

Date of Issuance: September 21, 1982

Date Amended:

By Direction of the Administrator

Wichita Aircraft Certification Office

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
