Supplemental Type Certificate

Number SA5819NM

This Certificate issued to Safran Cabin Inc.
5701 Bolsa Avenue
Huntington Beach, California 92647

Certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.*

*Certification basis is set forth in Type Certificate Data Sheet A2NM.

Original Product -
Type Certificate Number : A2NM

Make: The Boeing Company
Model: 757-200

Description of Type Design Change: Installation of Closet and Class Divider in accordance with FAA approved Driessen Drawing List, DL-101285, (Closet) Revision "C", dated June 12, 1992; and DL-101286, (Class Divider), Revision "B", dated June 12, 1992, or later FAA approved revision.

Limitations and Conditions: This installation should not be incorporated in any aircraft unless it is determined that the interrelationship between this installation and any previously approved configuration will not introduce any adverse effect upon the airworthiness of the aircraft. Note: All components installed by the STC meet the standards of 65/65 per FAR 25.853 (a-1), Amendment 25-66. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : March 31, 1992

Date reissued : May 24, 1996; March 27, 1998; April 14, 2003; July 17, 2014; March 15, 2023

Date of issuance : August 10, 1992

Date amended:

By direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
