Supplemental Type Certificate

Number SA1131SW

This certificate issued to

Aviation Fabricators
805 North Fourth Street
Clinton, MO 64735

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air *Regulations.*

Original Product--Type Certificate Number : A7CE

Make : Cessna

Model : 401, 402, 411, 414, 421, 425 (all series)

Description of Type Design Change: Installation of side facing seats in accordance with Drawing list AF-170 dated March 8, 1994, FAA approved March 28, 1994 or later FAA approved revision.

Limitations and Conditions:

1. Compatibility of this design change with previously approved modifications must be determined by the installer.
2. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.
3. This STC approves only the installation of the parts contained in the above section "Description of Type Design Change." The requirements for the aisle width, passenger oxygen system, seats and safety belts, and upholstery coverings will require a separate FAA approval to verify compatibility with installation of this STC.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : February 17, 1970

Date of issuance : March 20, 1970

Date reissued : 11/01/93

Date amended : 7/30/79 Rev 1, 3/28/94, 6/15/04

By direction of the Administrator
