Original Product--Type Certificate Number: * (see attached FAA Approved Model

Make: List (AML) No. SA04301CH for list of

Model: approved models and applicable airworthiness regulations)

Description of Type Design Change:

Attachment of fabric covering and wing leading edge per C. William Pancake, Jr. document number BP-MDL-1, Rev. A, dated May 24, 2017 or later FAA Approved Revision.

Limitations and Conditions:

1. Compliance has been established to the regulations listed in AML SA04301CH. This approval should not be extended to aircraft with a regulatory basis differing from that listed in AML SA04301CH without written permission from the Certificate Management Aircraft Certification Office.

2. This approval allows for the substitution of blind fasteners or conventional rib stitching as a replacement for P.K. Screws. In cases where the Type Certificate holder has recommended a different fabric attachment method, the original instructions for continued airworthiness should be followed.

3. Compatibility of the design change with previously approved modifications must be determined by the installer.

4. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
