Supplemental Type Certificate

Number: SA860CE

This certificate issued to: Sabreliner Aviation, LLC
1390 Highway H
Perryville, MO 63775

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 4b *of the* Civil Air Regulations

Original Product – Type Certificate Number: A2WE

Make: Rockwell International
Model: NA-265-40

Description of Type Design Change:

Installation of Electronics Components Package, Version V. Data required: ASD Drawing No. S-98-2000, Rev. A, and subordinate data referenced therein, or later FAA approved revision.

Limitations and Conditions:

This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. Parts manufactured under this STC may have been produced without an "FAA Approved" quality control procedure. Prior to installation, such parts must be inspected for conformity and airworthiness in accordance with FAR's 21 and 43.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: January 5, 1972

Date Reissued: January 28, 1981; June 30, 1983; March 7, 2014

Date of Issuance: July 21, 1972

Date Amended:

By Direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
