Number SR09062RC

This certificate issued to

Apical Industries, Inc.
2608 Temple Heights Drive
Oceanside, CA 92056

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 7 *of the* Civil Air *Regulations.*

Original Product -- Type Certificate Number: H1SW

Make: Bell

Model: 205A, A-1

Description of Type Design Change:
Installation of external auxiliary fuel system in accordance with Era Aviation Drawing List 41228-3000 Revision L dated 10/10/95, or later FAA approved revision.

Limitations and Conditions:
This installation complies with the crashworthy requirements of FAR 29.952 and the lightning protection requirement of FAR 29.954. Rotorcraft Flight Manual Supplement dated 1/16/96 or later FAA approved revision is required. The installer must determine whether this design change is compatible with previously approved modifications. If the holder agrees to permit another person to use this certificate to alter a product, the holder must give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : April 27, 1992

Date of issuance : March 12, 1996

Date reissued: 3/19/96; 5/20/05; 12/29/06

Date amended:

By direction of the Administrator
