Supplemental Type Certificate

Number SA02838AT

This certificate issued to Executive Wings, Inc.
1365 General Aviation Dr.
Melbourne, FL. 32935

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 *of the* Federal Aviation Regulations.

Original Product--Type Certificate Number: A7CE
Make: Cessna
Model: 421C and 425

Description of Type Design Change:

Installation of a Strobe Light System on a Cessna 421C and 425 in accordance with Master Drawing List MDL RAA-MDL-3 Revision B, dated November 14, 2003, or later FAA Approved Revision.

Limitations and Conditions:
This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse affect upon the airworthiness of that airplane. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: April 30, 2003

Date of issuance: April 12, 2004

Date reissued: July 17, 2009, June 02, 2012

Date amended:

By direction of the Administrator
