Supplemental Type Certificate

Number: SR02078SE

This certificate issued to: Erickson Helicopters, Inc.
4002 Cirrus Drive
Medford, OR 97504

Certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of * *of* *.

Original Product Type Certificate Number: *

Make: *

Model: * See attached Federal Aviation Administration (FAA) Approved Model List (AML) SR02078SE for approved aircraft models and applicable airworthiness regulations

Description of Type Design Change:

Installation and Maintenance of the Lifeport Patient Litter System TLSS CASEVAC, P/N 15-00260 in accordance with the applicable master drawing list (MDL), as listed on AML SR02078SE.

Limitations and Conditions:

This approval is for the serial number rotorcraft as listed on AML SR02078SE only and should not be installed on these specific rotorcraft unless the installer determines that the interrelationship between this change and any previously approved modifications, including those made to the type design, will introduce

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: July 1, 2010

Date Reissued: March 29, 2017

Date of Issuance: July 27, 2010

Date Amended: March 30, 2017, December 15, 2020

By Direction of the Administrator

Signature:

Manager, Seattle ACO Branch

Title:

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).

Supplemental Type Certificate

(Continuation Sheet)

Number: SR02078SE

Limitations and Conditions (cont):

no adverse effect upon the airworthiness of that aircraft.

The instructions for continued airworthiness (ICA) are provided in the installation and maintenance instructions listed on the MDLs for the various models as shown on the AML. The modified rotorcraft must be operated in accordance with an FAA-approved copy of the applicable rotorcraft flight manual supplement (RFMS), as identified on the AML. A copy of this certificate, the FAA-approved RFMS, and the applicable ICA must be maintained as part of the permanent records of the modified helicopter.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

Any alteration of this certificate and/or the Type Certificate Data Sheet is punishable by a fine not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with Title 14 of the Code of Federal Regulations, part 21, section 21.47 (14 CFR 21.47). A transfer must be endorsed as provided on the reverse hereof. A Type Certificate holder who allows a person to use the Type Certificate to manufacture a new aircraft, aircraft engine, or propeller must provide that person with a written licensing agreement acceptable to the FAA. (Ref. 14 CFR 21.55).
