Supplemental Type Certificate

IMPORT

Number: ST00126IB

This certificate issued to: AMAC AEROSPACE SWITZERLAND AG

STERNENGASSE 18
4051 BASEL
SWITZERLAND

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 *of the* Federal Aviation Regulations.

Original Product – Type Certificate Number:
See FAA Approved Model List

Make: See FAA Approved Model List
Model: See FAA Approved Model List

Description of Type Design Change:

1. Replacement of Halon agent with alternate Halon-free Portable Fire Extinguisher agent in accordance with AMAC Aerospace Engineering Order EO-ALLAC01-2620 Revision D, dated September 29, 2022, or later EASA approved revisions.
2. This certificate covers the replacement of the existing Portable Fire Extinguisher agent with Halon-free Portable Fire Extinguisher agent (Halotron BrX). This design change is defined with revision D of AMAC Aerospace Master Data List Document MDL-ALLAC01-2620, dated July 27, 2023, or later EASA approved revisions.
3. This STC is applicable to aircraft make-model listed in the attached FAA Approved Model List (AML).

Limitations and Conditions:

1. Physical installation of the fire extinguisher is not covered by this modification and requires a concurrent approval.
2. The installer must determine whether this design change is compatible with previously approved modifications.

(See Limitations and Conditions Continued on Page 3 of 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: February 24, 2023

Date Reissued:

Date of Issuance: September 13, 2023

Date Amended:

By Direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).

Supplemental Type Certificate

INSTRUCTIONS: The transfer endorsement below may be used to notify the appropriate FAA Aircraft Certification Office of the transfer of this Supplemental Type Certificate. The FAA will reissue the certificate in the name of the transferee and forward it to him.

Transfer Endorsement

Transfer the ownership of Supplemental Type Certificate Number: ST00126IB

To (Name and address of transferee)

From (Name and address of grantor)

Extent of Authority (if licensing agreement):

Date of transfer:

Signature of grantor: _____

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).

Limitations and Conditions (continued):

3. If the holder agrees to permit another person to use the certificate to alter the product, the holder shall give the other person written evidence of that permission.

Certification Basis:

The Certification Basis for the airplane models listed in the FAA Approved Model List is defined in the applicable Type Certificate Data Sheet (TCDS) as amended by the following additional or alternative airworthiness requirements:
- The following paragraph(s) at a later amendment: 14 CFR Part 25 at Amendment 25-146: 25.1, 25.561, 25.601, 25.789, 25.851, 25.1411, 25.1501, 25.1529, 25.1561, 25.1585.
The requirements for environmental protection and the associated certified noise and/or emissions levels of the product are unchanged and remain applicable to this certificate.

----------END----------

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
