Supplemental Type Certificate

Number: SA4-493

This certificate issued to: **FTG, Inc.**
12750 Center Court Drive S
Suite 280
Cerritos, CA 90703

Certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 3&4a *of the Federal Aviation Regulations.*

Original Product Type Certificate Number: 2-548, 785
Make: Consolidated Vultee,
Catalina Aircraft Trust
Model: PBY-5A, 28-5ACF

Description of Type Design Change: Installation of VIP Part No. 104-1-C engine mount cores (replacing P&W Part No. 41275 and Lord Part No. MR-26-1 and are equivalent to and interchangeable with P&W Part No. 70639 and Lord Part No. MR-26-1B engine mount cores) on aircraft equipped with P&W R-1830-92 or S1C3-G engines.

Limitations and Conditions: This approval should not be extended to other specific airplanes of these models on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of these other previously approved modifications will introduce no adverse effect upon the airworthiness of that airplane.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application:	April 16, 1958	*Date Reissued:*	Aug. 15, 1986; Sept. 16, 1986; May 13, 2022
Date of Issuance:	May 19, 1958	*Date Amended:*	Sept. 11, 1962; April 6, 1964

By Direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
