Supplemental Type Certificate

Number: SA03389NY

This certificate issued to: Griggs Aircraft Refinishing, LLC.
172 Runway Road
Tunkhannock, PA 18657

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 23 *of the* Federal Aviation Regulations.

Original Product – Type Certificate Number:
3A15

Make: Beechcraft Corporation
Model: A36, A36TC

Description of Type Design Change:

1. Installation and maintenance of the O&N Aircraft Modifications bleed air-heated engine inlet (part #4505-1) replacing existing electronically-heated engine inlet (reference STC SA1003NE) on Beechcraft Corporation A36 and A36 TC aircraft with Rolls Royce 250 B17/F2 engine (reference STC SA3523NM) to be done in accordance with O&N Aircraft Modifications Installation Instructions, Report No. 2035, dated February 26, 2014, or later FAA approved revision.

(See Description of Type Design Change continued on Page 3 of 3)

Limitations and Conditions:

1. Installation of STC SA3523NM is a prerequisite to this modification.
2. The aircraft must be operated in accordance with "Limitations" section of O&N Modifications FAA Approved Airplane Flight Manual Supplement, Report No. ON-2033, May 8, 2014.
3. The installer must determine whether this design change is compatible with previously approved modifications.
4. If the holder agrees to permit another person to use this certificate to alter a product, the holder must give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: July 12. 2013

Date Reissued: June 8, 2015, September 4, 2015, October 15, 2015, June 22, 2016, January 13, 2017

Date of Issuance: May 8, 2014

Date Amended:

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
