Supplemental Type Certificate

Number: SA5458NM

This certificate issued to: Honeywell International Inc.
21111 N 19th Ave
Phoenix, Arizona 85027

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 *of the* Federal Aviation Regulations.

Original Product – Type Certificate Number: A16WE

Make: Boeing
Model: B737-100, -200

Description of Type Design Change:

Requirements for the installation of Honeywell Standard Windshear Systems are contained in Honeywell Master Data List Number ML4074983, Revision "A", or later FAA approved revision. To determine which configuration(s) of the Standard Windshear System have been approved, including the required FAA Approved Airplane Flight Manual supplement, if applicable, refer to appropriate appendixes in the approved Master Data List

Limitations and Conditions:

This installation should not be incorporated in any aircraft unless it is determined that the interrelationship between this installation and any of those other previously approved configuration will introduce no adverse effect upon the airworthiness of the aircraft. Refer to the appropriate appendixes in the FAA Approved Master Data List for any other limitations. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: Aug 14, 1989

Date Reissued: March 2, 2009; March 20, 2020

Date of Issuance: August 5,1991

Date Amended:

By Direction of the Administrator

Title ODA Administrator, ODA-602216-NM

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
