Supplemental Type Certificate

Number SA6051NM

This Certificate issued to Safran Cabin Inc.
5701 Bolsa Avenue
Huntington Beach, California 92647

Certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 46 of the Federal Aviation Regulations.*

*Certification basis is set forth in Type Certificate Data Sheet A3WE.

Original Product -
Type Certificate Number : A3WE

Make: The Boeing Company
Model: 727-200 Series

Description of Type Design Change: Installation of Galley, G6A, in accordance with FAA approved Driessen Aircraft Interior Systems, Inc. Master Drawing List, MDL-101294, dated August 6, 1993, or later FAA approved revision.

Limitations and Conditions: This approval of this modification applies to the above noted airplane model series only. This installation should not be incorporated in any aircraft unless it is determined that the interrelationship between this installation and any previously approved configuration will not introduce any adverse effect upon the airworthiness of the aircraft. Note: All of the components installed by the STC meet the heat release requirement (65/65) and the smoke emission requirement (200) of FAR 25.853 (a-1), Amendment 25-66. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : March 8, 1993

Date reissued : May 24, 1996; March 27, 1998; April 14, 2003; July 17, 2014; March 15, 2023

Date of issuance : September 13, 1993

Date amended:

By direction of the Administrator

Aircraft Certification Service

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
